Set Up Charge	Open term contract	You will need to bring your own modem Free standard broadband setup (worth \$101.20 for ADSL)
---------------	--------------------	--

	12-month term contract	One New Zealand modem included (RRP \$264.00) Free standard broadband setup (worth \$101.20 for ADSL)
	Note that a modem postage and handling fee of \$14.95 applies to all modems supplied. See 'Other Charges' for additional setup charges, which may apply.	
Other charges	In some cases, additional install charges might apply. Typically, this happens if your house is more than 200m from the road, or you require additional wiring in your home. Additional voice calling over broadband charges may include charges phone calling features and calls in excess of the two hour per call cap. For more information visit https://www.one.nz/home-phone/calling-features/	
Broadband Performance	See Measuring Broadband NZ for independent information on broadband performance across different providers, plans and technologies. You may experience a higher or lower speed than these averages. Factors such as the performance of your modem, location of the server you're connected to, the performance of your device and your in-home Wifi setup can impact the speeds experienced. ADSL Broadband with voice includes a voice calling over broadband charge of \$10 per month with free calls to NZ landlines (2-hour limit per call applies).	
Access Type	Copper ADSL. For more information about access types, visit What is Broadband and Why Should I be Interested? - TCF	
Other Information		
Minimum Contract Period	You can choose from either, Open or 12-month term contract.	
Early Termination Fee	An Early Termination Fee will apply if you choose to disconnect or downgrade to a lower value broadband plan before the end of your contract term. If you joined One New Zealand unlimited broadband from 26 February 2020, a graduated early termination fee will apply: \$199 early termination fee applies to a 12-month term and will reduce by \$50 every three months.	
Notice period (cancellation)	One month's minimum notice or any lesser notice period agreed between us applies to all One New Zealand Broadband plans.	
Other Requirements	To use One New Zealand voice calling over broadband, you'll need to plug your home phone directly into the One New Zealand modem we've sent you. Check your phone has a Telepermit sticker. One New Zealand voice calling over broadband won't work on other modems. Our Unlimited ADSL Broadband only plan on Open Term includes 'bring your own modem'. Modem capability and functionality requirements apply when you bring your own modem. Broadband speeds and connection may be affected if you use your own modem.	
Traffic Management	Our policy is to provide you with the best broadband experience possible, so we won't slow down or throttle your connection. However, in some circumstances (such as in the unlikely event of a network attack) we may be required to take reasonable action to protect our customers and effectively manage our network.	

Fair Use	<p>One New Zealand does not have a fair use policy for One NZ Fibre, HFC, VDSL or ADSL broadband. Note: All broadband plans (including the Unlimited Broadband Pack) are for standard residential use only and are not to be used for commercial types of activity or purposes. Non-residential, commercial purposes will include (but is not limited to) e.g. selling bandwidth to third parties or running an Internet Service Provider.</p>
Effects on other services	<p>Your broadband requires mains power and an active broadband connection to work.</p> <p>If power is not available (e.g. during a local power outage) the broadband, and any services which run over it including voice calling over broadband will not work. This includes all calls, even emergency calls to 111.</p> <p>We recommend keeping your modem switched on and having a charged mobile phone ready to use as a backup in case of a power cut unless you have a battery back up at home.</p> <p>Most systems such as monitored medical, security or other alarms should work with voice calling over broadband, but some don't. Therefore, it's important that you call the company that monitors your alarm to ask if their service will work with voice calling over broadband. If not, they may be able to find an alternative for you before you switch to voice calling over broadband.</p> <p>Other services that require a traditional fixed phone line to work, such as older fax machines or the interactive features of Sky Digital are incompatible with voice calling over broadband. One New Zealand recommend checking with your provider if you have any existing phone dependent services.</p>
Complaints and Disputes	<p>Information about our process for customer complaints is available here: https://www.one.nz/contact/feedback/</p> <p>If we are unable to resolve your concern, you are free to contact the Telecommunication Dispute Resolution Scheme (TDR). For more information on the TDR, please visit www.tdr.org.nz</p>
