Other Information		
Minimum Contract Period	You can choose from either, Open or 12-month term contract.	
Early Termination Fee	<p>An Early Termination Fee will apply if you choose to disconnect or downgrade to a lower value broadband plan before the end of your contract term.</p> <p>If you joined One New Zealand unlimited broadband from 26 February 2020, a graduated early termination fee will apply:</p> <p>\$199 early termination fee applies to a 12-month term and will reduce by \$50 every three months.</p>	
Notice period (cancellation)	One month's minimum notice or any lesser notice period agreed between us applies to all One New Zealand Broadband plans.	

Other Requirements	<p>To use One New Zealand voice calling over broadband, you'll need to plug your home phone directly into the One New Zealand modem we've sent you. Check your phone has a Telepermit sticker.</p> <p>One New Zealand voice calling over broadband service won't work on other modems.</p> <p>Our Unlimited Fibre Broadband only plan on Open Term includes 'bring your own modem'. Modem capability and functionality requirements apply when you bring your own modem. Broadband speeds and connection may be affected if you use your own modem.</p>
Traffic Management	<p>Our policy is to provide you with the best broadband experience possible, so we won't slow down or throttle your connection. However, in some circumstances (such as in the unlikely event of a network attack) we may be required to take reasonable action to protect our customers and effectively manage our network.</p>

Fair Use	<p>One New Zealand does not have a fair use policy for One New Zealand Fibre, HFC, VDSL or ADSL broadband</p> <p>Note: All broadband plans (including the Unlimited Broadband Pack) are for standard residential use only and are not to be used for commercial types of activity or purposes. Non-residential, commercial purposes will include (but is not limited to) e.g., selling bandwidth to third parties or running an Internet Service Provider.</p>
Effects on other services	<p>Your broadband requires mains power and an active broadband connection to work.</p> <p>If power is not available (e.g., during a local power outage) the broadband, and any services which run over it including voice calling over broadband will not work. This includes all calls, even emergency calls to 111.</p> <p>We recommend keeping your modem switched on and having a charged mobile phone ready to use as a backup in case of a power cut unless you have a battery back up at home.</p> <p>Most systems such as monitored medical, security or other alarms should work with voice calling over broadband, but some don't. Therefore, it's important that you call the company that monitors your alarm to ask if their service will work with voice calling over broadband. If not, they may be able to find an alternative for you before you switch to voice calling over broadband.</p> <p>Other services that require a traditional fixed phone line to work, such as older fax machines or the interactive features of Sky Digital are incompatible with voice calling over broadband. One New Zealand recommend checking with your provider if you have any existing phone dependent services.</p>
Complaints and Disputes	<p>Information about our process for customer complaints is available here: https://www.one.nz/contact/feedback/</p> <p>If we are unable to resolve your concern, you are free to contact the Telecommunication Dispute Resolution Scheme (TDR). For more information on the TDR, please visit www.tdr.org.nz</p>
